Hey Everyone!

Here is a user script that works with MyBB 1.8 and HF pretty nicely.

<https://userstyles.org/styles/104538/dark-mybb-1-8-community-forum>

Here is the link, once you do that you just need to update the link in Stylish.

LuxuryI installed but it didn't worked. I cannot activate it.

Once installed you need to edit the url it's looking for in stylish settings
