Parties, drugs, alcohol. Mix and match and start talking to a girl. Move things forward fast hopefully she will too. Had many one night stands in high school during or after parties.

Just become social and start talking to bare girls at jams and shit, as long as you're not ugly as fuck you'll be good.

Find any bitch that smokes cigs in high school, or anyone who hangs with them, they put out easy af if you give them attention

Source: lost my virginity at 14 to a girl in this type of group , then fucked her friends, not extremely good looking, just smooth and in the right place.

Indians have a good method. Message their Facebook inbox and ask for vajeen and bobs. If they say no, the Indians usually follow up by saying they're with the FBI. There's a 2% success rate that they'll get scared and show vajeen.
