A lot of new people I'm sure like it to.

Years ago it was really pleasing to the eye and I'd say it still fits.

Omniscient is working on an update so it may not stay long but I'm happy to at least see it again.

At least he didn't keep it offline for a while. Give a nigga rope he wanna be a cowboy.

The Mogul - October 24, 2017, 10:40 am

It's not even the theme that's bad, I just can't find anything anymore lmao.

It'll be fixed in like a week I guess anyways.

SORRIE - October 24, 2017, 10:42 am

Not having rep has honestly made me enjoy being here more, it's gount to be nice to see my awrds and stuff come back but this is a surprisingly chill time

webdev77 - October 24, 2017, 10:42 am

I don't think people realize the amount of effort it takes to make changes like this. I'm guessing the sleep to work ratio hasn't been great these past few days already.

Killy - October 24, 2017, 10:53 am

everybody is saying that hf won't be the same anymore or I'm missing the old theme.

but i actually enjoy this since it is a fresh start.

There are always going to be people who dislike what you do, no matter what it is. You just gotta do your own thing.
