* This is not trading or arbitrage or giftcards and involves NO RISK **

Hey everyone, so for the past few months I have been heavily involved in the world of cryptocurrencies and from it I have been rewarded greatly. This will very likely be the best and most profitable hf method you will come across. The truth is there is seriously a lot of growing potential in cryptos and if you analyze carefully you will start to uncover the tremendous profits that can be made. I was lucky enough to be in the right place at the right time but had to spend months to learn how to execute and profit. Today you have the opportunity to receive all my insiders and tips for making a fortune with Bitcoin and other currencies!

If you are looking to earn a solid online income of around \$200 daily on 90-95% autopilot then this is perfect for you. I will be selling limited copies as I do not want to be mentoring several people. I would rather have a close knit group of buyers where we can work and compare together.

[+] 100% Whitehat [+]

To be personally honest with you I struggled a lot to earn online and I have finally made it to the other side. It's really a lot easier than everyone assumes. I am going to be doing many of you a big favor here as this is a method that is actually unique and profitable.

Not trying to sales trash or anything, but I swear I've seen this being posted before. Even showed similar proof....

Would you use a MM when making a deal?

Of course, a middleman which is agreed on by both parties is a perfectly fine solution. I indeed have nothing to hide and don't mind users taking extra precautions to ensure they are profiting! As for the thread, Altcoin Vault is never before seen content and I can confirm that 100x.

queonda - October 24, 2017, 9:22 pm

Perfect! Well good luck with sales OP

Don't think I'm gonna be handing out any vouch copies for this one buddy, sorry. Still the heart of my income so I only want it going in to minimal select hands (clientele).

As mentioned I believe I have gotten back to everyone on skype but I am still getting friend reqs and messages that were sent 1-2 hours beforehand that are just appearing now (I know very weird and sluggish of skype).

Copy #2 has been sold off rightfully. We are now down to 4 copies!

Was the first buyer on this incase anyone was wondering. Really happy with everything so far and I am starting to earn just like advertised. Vito is one of the most down to earth people I've met and hes been very helpful with everything. Currently touching around \$140 profit, will be sure to post my earnings proof as soon as I do my first exchange.

1: I make you the payment for this method.

2: I invest \$50 more with the method setup taking like 30 minutes.

3: It becomes 95% autopilot with me earning daily, and I only need to do some "touch-ups" daily.

That is correct?.

I have a few questions.

Does this involve cryptocurrency trading?. Also, the guy who "vouched" for the method has his account "Account Under Investigation" by the admin of this site. So his vouch does not really count much as such.

Those other two who purchased, can you ask them to post proof of their earnings?.

Regards.

Thanks for taking the time to bring up these questions!

That is absolutely correct. It is a 30-40 minute setup after payment and then it is right to daily earnings. Expect around \$150/day for the first for week then income will immediately rise to \$200/day. No more than 10mins of work/day all of which is easy maintenance/touch up work.

I will also be mentoring to ensure your profits are at a maximum. This does not involve cryptocurrency trading, arbitrage or any sort of exchanging. It is 100% unique and focuses on cryptos from a completely unique perspective. Also as for the user who vouched and is banned I am still obviously offering him full support and he is still earning, I don't care whether you are banned or some billionaire, if you purchase the method you get equal treatment and I ensure you profit. Hoping to see more vouches, shortly!

M0untain Dew - October 26, 2017, 3:59 pm

very interested. posting here to keep an eye on this thread.

throwaway5 - October 26, 2017, 5:05 pm

Added you on Skype yesterday and no response yet.

?Synapse - October 26, 2017, 5:14 pm

Are you willing to follow up on this proposal? I'll try this method out with an initial deposit of \$50 from my own BTC, however I will pay you back with \$250 (\$30 more than stated price) from only the profits I make from this method. I'm a bit skeptical seeing that no buyers have replied on this thread with their feedback except for one of whose account has been close.

Authorized Retailer - October 26, 2017, 5:31 pm

I'm very interested in this, working on getting some money together. Glws

Ravioli - October 26, 2017, 7:40 pm

Since you have no actual reviews for this I'll give you an offer. I'll pay you \$260 (the price of the last copy) worth of earnings I get from executing the method if you want to hand it over. I'll use my own \$50 to execute it. I'll also leave a very detailed review since it's obvious you need one.

programingLove - October 27, 2017, 10:18 am

i just sent you BTC. waiting for start. i'll write my review on here

Vito Corleone - October 27, 2017, 2:23 pm

To everyone asking about these conditional deals, my answer is absolutely not unfortunately. There are customers here who have taken the risk and leap to pay upfront just as mentioned in the thread design and their risk has now paid off. It is unfair for me to suddenly swap my rules around and allow all these conditions. My customers will post their reviews when they feel like doing so, I am not so harrasserr nor do I care about making my thread looking like a beautiful compilation of vouches because firstly half the vouches on hf are fake and secondly the people that do actually earn tend to not want to expose their new goldmine.

A complete review with proof of earnings of actual customers is indeed needed. Or you should consider allowing the use of a MM.

Don't wanna sales trash but this thread is looking pretty fishy with your anonymous or banned buyers! :/

DarknessRises - October 27, 2017, 3:50 pm

This is nysta. If many of you dont know him look him up :). Dont deal with him. asked me to post fake info about his stuff that he is selling. Do not do business with this man. If you need proof he of what he was saying hmu. I got screenshots as this will be removed by him

cryptocurrencies and the profits are just like mentioned. The \$50 investment is one time at the start then you begin to earn day after day. I'm currently at around \$100 profit in BTC (which i exchanged from another crypto) and my eyes have completely lit up. Support is absolutely beyond expectations and vito works until you are making money

Proof:

\$100 profit as in the price of the method plus \$100 plus the \$50 investment?
