F.A.Q: [\(Click to View\)](#)

Q: Can I change my password?

A: Yes, you can. It is your personal account :)

Q: What do you need?

A: Nothing! I will send you a link and give you the information to input! (Sometimes I may ask for your login Info, please make sure it is me you're dealing with)

Q: How long does it last?

A: It can last a week, or it can last years. My warranty will cover 1 year (12 months) of your

accounts Premium, if it no longer has Premium within that timeframe I will re-upgrade it for 100% free!

*In regards to the current Spotify Upgrade Issues:

Explanation ([Click to View](#))

(Oct 28, 2017 01:09 PM)chetos22 Wrote: [\[CITE\]](#)

is it true that you can only add a Spotify account to a family plan twice only?

Yes, and Thank you for bringing this to the table.

I along with other sellers am able to upgrade only twice on the same account - with that being said.

All my current customers with my 12 month warranty, I will be willing to create a new account (personalized if requested) and transfer 100% of your Playlists, songs, stations, artists, albums, and even podcasts & videos for free until your warranty ends.

(Please understand, with this in mind I will be backed up a lot. It will take time, but it will be done depending on amount of Music/Podcasts/Videos are followed.)

*Those who buy VIP are excluded.

Now, new customers; you will have 12 months of warranty just like my current customers but, I will not create the accounts for you - I'll gladly upgrade them for you for free while on warranty.

I understand how many may feel currently, I'm sorry for this inconvenience.
