Thread: [Gang repping Orgy & Previously Known As....](#)

Cagey - October 24, 2017, 9:25 pm

I'm normally not the type to make such allegations but I check every single neg and neutral rep Previously Known As.... has received and noticed one thing him and orgy seem to be always negging around the time period from mins after or a day apart.

so I think this is against the rules if not I will edit and close this thread.

Here's my proof a good number of people who has put any bad rep on previously known as got gang repped with orgy.

If I get linked to a thread by Orgy, or anyone else for that matter, saying, "look at this retard..." and the retard in question turns out to in fact be a retard... generally I'll -rep that retard.

Only when they leave a bad rep on yours okay.
