Thread: [Hello community be carefull with the user Kaleb is giving -3 without sense.](#)

kiunosekai - October 25, 2017, 11:29 am

Hello guys.

I don't know what's wrong with this guy

<https://hackforums.net/member.php?action=profile&uid=3384515>. He sent a pm to me and gave me -3. I reported this. But in the past i reported a similar reputation problem to a admin from a scammer and never was removed the negaive reputation.

This forum is great, but i would like there was control of negative reputation abuse. even for basic members.

Thanks.

That negative, lets say, "it follows the rules".

Admins cant do nothing about it.

I got one from him, but I was indeed being rude.

Cylow - October 25, 2017, 11:30 am

He's a scammer and has scammed multiple users including me. He scams you then negs you.

Build up so much negative rep that everyone knows you enjoy it.

kiunosekai - October 25, 2017, 11:58 am

Yes, I think it is unfair.

This is not classified as reputation abuse. Someone can go around giving random negative reputation to random members until the end of time if they like. It may not seem fair, but them are the rules.

It's regular, ub3rs flexing their pixels on a forum thinking they are above others. Move on and forget the retard. Another reason why we don't need a reputation system and instead need a vouch system + more focus on prestige.
