I didn't sell you the card because I was hoping he would actually pay for it first, that's why I didn't reply to you no more.

What a fucking scammer.

With Riyu proofs it makes it more legit, sorry for your loss OP.
Atleast with your warning he will not manage to scam again.

Scams one member and sends it to another... how sad.

Such a high reputation to lose for such a low amount, or any amount. Just sad.
