Hello

I found some online bank that gave u free mastercard and you can pay online or pay in any shop where support mastercard.

You need only 10 minutes to open account.

But this is only for:

Applies to customers from Belgium, Estonia, Finland, Greece, Ireland, Latvia, Lithuania, Luxembourg, Netherlands, Portugal, Slovakia and Slovenia, Germany, France, Italia, Espana, Avstria

You open acc with your mobile phone with bank app :D Yes u need your ID. But u dont send it just need to verified your identity with video call in bank app.

You can send money to all users of this bank for free or send money to another iban.
