suicidsns - October 28, 2017, 3:04 pm

We are asking for them, because just a day or two ago the other guy that I said had almost the same thread design, turned out to be Nysta. And we don't want that 2.0.

Authorized Retailer - October 28, 2017, 3:15 pm

Yeah, you literally copied a thread from a multi-accounter. Couldn't be worse for business.

It's not about the design, although it's very lazy, it's the fact that we want to know the method is real. That's why I'm suggesting you give 1 copy to a trustworthy member on here.

Exactly this. Maybe if you do some kind of first you earn then you pay. Or with a MM holding the money untill you earn.

All I see is \$1.50 in money received after your 'investment' of \$1.39. The rest of the received money was from beforehand if you look at the time(s).
