So with all these [MAKE \$500/DAY] advertisements in the money making section, I am wondering if there are methods that can actually make me 5-10\$ a day.

I have a 15-50 minute effort to invest on a daily base.

Rules: I will not Shopify or market products to a crowd or put an effort in videos. ?
Please provide me with inspiration.

Ofcourse there are working methods on here that will gain you 10 dollars a day with minimal effort. You should ask Frank the Unicorn Midget at the end of the rainbow, he'll know which one you should get, and give you a pot of gold as a startersbonus.

Well, I try to avoid Frank the Unicorn Midget as he is already in the moneymaking section selling ebooks.

I'm not looking for a pot of gold or a rainbow, just 5-10 bucks.

You could run CPA? Or you could do some shopping at thrift shops and sell for a profit..

There are tons of money making methods around the forums, you just need to do your research and find something that best suits your needs.

Good luck OP.
