Thread: [Help, Who can help me find the original image?](#)

Pim Fortuyn - November 2, 2017, 4:36 pm

Hey,

I found this image and I really like the background, Does anyone know where I can find it? I've tried reverse image but can't seem it

Lor?d - November 2, 2017, 4:39 pm

Google image search "red galaxy" or "rosette nebula" you'll find a lot of stuff pretty close to it.

Couplet - November 2, 2017, 4:42 pm

This is the closest as I can find to it.

Yeah, Looking trough some, trying to find this one ?

JOHNLUKE - November 8, 2017, 10:10 pm

Here it is:)... You will have to add the star dusts

Peace

Damn, really appreciated. How did you find it?
Or did you use content aware to remove the text?

Nothing big.. Just reverse search it on tinEye website then browse the result.. No content aware in this :)

peace ?
