Didn't receive \$50 PayPal

Kept asking for link, I tried to send him link but he reached his pms

Will be posting an open scam report if I don't gety the \$50

Do not worry he won't scam you I have dealt many times with him.

So I will post it instead of pminh because of the delay. When I've provided him proof of payment to his BTC, how much, exact time, so he's got \$43.50 sitting there chilling in HIS BTC for no reason at all if he isn't

“scamming” me

Have pmed this guys multiple times asking him for the transaction id since I haven't got the payment yet, just reading this guys post shows it's bullshit.
