Thread: [1m Threadfin Salmon](#)

Olympus - November 5, 2017, 9:56 pm

Went fishing on the weekend and caught a 1m Threadfin salmon. Put up a massive fight on my stradic ci4 + with shimano raider snapper rod. I know a lot of people on here hate fishing, but i think there are at least 1 or 2 of you that do like it. Here are some photos!

Yup I used to go fishing often like once a week or so before. It's quite and relaxing you and your dog, thats the life.

That's a nice catch to reel in. Fantastic.

Finally another fisherman, haven't seen one around here.

Nice fish, good to see you putting that crypto profit into some decent gear, I have a few stradics myself.

I'm actually a fishing salesmen for a living, but I don't tread too far away from bass. Hmu
