Buying Amazon Balance

Do you have funds in your amazon.com account? Hit me up and I'll buy them from you. I want digital items ordered to my email address, not the account! \$39 is the lowest you can transfer.

Feel free to start a contract!

Who scammed you? Why do you write about this in my thread and not in the [deal disputes](#)?

/edit this is about nigre guy, be careful with any deals.

Do you perhaps have anything to buy with a small amount such as \$1.36? What do I get with that amount though.

Hello, I'm buying amazon gift card balance (the codes you already redeemed to your account) for Bitcoin.

Do you have an amazon account with purchase history?

Hey, just wanted to know if you also take AGC codes directly.

I had issues with codes before. Ewhored people called the bank to reverse the payment, making me banned.

I buy balance transfer via prime gifts only - sender is the one getting banned if he uses invalid code, not me.
