Thread: [Need E commerce store Created and Ebay Store](#)

Nick Elite - November 6, 2017, 4:11 pm

(paying someone to do it))))hi, i need a webstie created where i could sell my high end watches including rolex, Audemars Piguet, Patek Philippe, richard mille, etc.... i also need an ebay store - also need the graphics done. another thing is that i need to know what back end i could use other then magenta? or is tht the only one.
would like it to look like this <http://aviandco.com/>

I don't understand. Are you trying to find someone to make this or do you need advice?

I can make a e-commerce store using the Shopify platform. I have premium themes and I know html5/css3 for any edits you may need.

I have my own shopify store.

Severus_Snape - November 7, 2017, 2:19 am

Hi, Contact me if you still have a premium and even automated store requirement.

LeetHost - November 7, 2017, 9:12 pm

We can make one store for you , depending on your requirements, It can be done in custom CMS, Magento, WordPress.

Let me know your requirements and we will suggest you accordingly.
