spotify has one error message, you can only switch family plans once a year
that means after two invites, a new account needs to be created
i am more than willing to create the account and email for you, and transferring playlists isn't fairly difficult so i could do that as well or tell you how to

also started school so my time is a bit more limited, online right now however
if any of you care, my schedule is mwf 9am-12, 2-4pm / thursday 9-10am and no classes tuesday

I would like to leave an honest vouch here for Aawon.

For a long time, (Since these services first came around) I see these shops pop up around a variety of forums and notice that they only last 1-2 months then disappear from the face of the earth.

Leaving the "Lifetime" or "Warranty" service absolutely invalid.

But I messaged Aawon this morning and he replied within 15 minutes and had my account fixed within 2 minutes of speaking with him.

Fantastic guy, fantastic service. 10/10

Thanks Aawon.

Dashy.

12, 2018 01:43 AM)Dashybaws Wrote: [\[CITE\]](#) I would like to leave an honest vouch here for Aawon.

For a long time, (Since these services first came around) I see these shops pop up around a variety of forums and notice that they only last 1-2 months then disappear from the face of the earth. Leaving the "Lifetime" or "Warranty" service absolutely invalid.

But I messaged Aawon this morning and he replied within 15 minutes and had my account fixed within 2 minutes of speaking with him.

Fantastic guy, fantastic service. 10/10

Thanks Aawon.

Dashy.ty for the feedback :)
