Thread: [Anonymous Spreading Tools| V0.1 |Direct Download |everything you need in one program!](#)

vaxton - November 12, 2017, 2:20 pm

i'm currently working a project called "Anonymous Spreading Tools".

here's some screenshots: <https://imgur.com/a/56UfH>

it's all in one tool, you'll find everything you need in just one program!

my reason posting here is just to get some motivation and suggestions, it's my first vb.net project :)

Current Features:

File Binder (working)

Spammer(working)

Icon extractor(working)

Assembly Changer(working)

File Pumper(working) (New)

currently working on:

[*]Extension Changer (Not Done) 70%

[*]DLL Reflector.

[*]auto download and execute builder

Adding later:

Melt option.

startup option.

Icon changer.

Anti task manager.

DLL Reflector.

Keylogger builder. (SMTP)

Scanner.

auto download and execute builder.

MOREE AND MOREEE!!! Suggest me what should i add too!

got about 30+ tools to add to this program:)

[Download](#)

[Virus Total Scan](#)

SHA-256

[b][i]username: "beta[b][i][b][i]"[/i]/b[/i]/b[/i]/b]

password: "vaxton@hf"

Key: "7693435976934359123555000"

Ren And Stimpy - November 12, 2017, 2:23 pm

99% of crypters here on HF do all that and more, (minus the keylogger)

GUI is shit, but you state your still working on it.

Good job borthor. Glad to see someone posting FREE SOFTWARE!

Can't wait to test it out!

vaxton - November 12, 2017, 2:26 pm

i know, but you don't have to buy a crypter anymore! anyway this is similar to UST "ultimate spreading tools" But More Advanced with more than 10 tools at least!

Ren And Stimpy - November 13, 2017, 4:29 am

(Nov 12, 2017 03:26 PM)vaxton Wrote: [\[CITE\]](#) i know, but you don't have to buy a crypter anymore! anyway this is similar to UST "ultimate spreading tools" But More Advanced with more than 10 tools at least!

Hell yea! Can't wait to test it out brother!

Thank you!

Diamond86 - November 13, 2017, 9:39 am

wish you best of luck not easy but u can

vaxton - November 13, 2017, 10:43 am

(Nov 13, 2017 10:39 AM)Diamond86 Wrote: [\[CITE\]](#) wish you best of luck not easy but u can yes i know! i did a lot of progress till now, doing change-log tomorrow. thank you for the support :D

Charles de Gaulle - November 13, 2017, 10:45 am

"Anonymous Spreading Tools" The name is funny anyway.

vaxton - November 13, 2017, 10:47 am

(Nov 13, 2017 11:45 AM)Arnold Schwarzenegger Wrote: [\[CITE\]](#) "Anonymous Spreading Tools" The name is funny anyway.

suggest me a name, i will change it just right now!

(it took me 2 hours just to name the project)

i need some good names.

check out the project process!

skype101 - November 13, 2017, 2:15 pm

We can't wait to taste it bro

frankie777 - November 14, 2017, 3:36 am

I hope you have not given up on this awesome project as I think it will go places for sure. Let me know how the process is going because I see a big prospect here bro.

Hopsin - November 14, 2017, 4:13 am

(Nov 13, 2017 11:43 AM)vaxton Wrote: [\[CITE\]](#) yes i know! i did a lot of progress till now, doing change-log tomorrow.

thank you for the support :D

Since you are regular member, you can't keep updating the OP after 1440 minutes sadly unless you have upgrade privileges. Nonetheless, good luck buddy! ?

vaxton - November 14, 2017, 5:15 am

(Nov 14, 2017 05:13 AM)Hopsin Wrote: [\[CITE\]](#) Since you are regular member, you can't keep updating the OP after 1440 minutes sadly unless you have upgrade privileges. Nonetheless, good luck buddy! ?

i will post a new thread each time i update the program. maybe once a week?

(Nov 14, 2017 04:36 AM)frankie777 Wrote: [\[CITE\]](#) I hope you have not given up on this awesome project as I think it will go places for sure. Let me know how the process is going because I see a big prospect here bro.

sure thing! you can PM me, i can give you the source code if you want to add something, i will credit your in the #ABOUT.

almost done, just adding the about section before the first release :D

beastjesus - November 14, 2017, 9:19 am

Hope you can get it running pal

run2017 - November 14, 2017, 9:54 am

You can Keep this name: "Azostrios".

I made this word without any meaning. You can give a meaning to this word.

By the way, very generous initiative. Will be following it.

vaxton - November 14, 2017, 10:33 am

Thank you so much man!

subtilebestia - November 15, 2017, 11:01 pm

Thanks appreciate the share and the effort

Pootje - November 16, 2017, 2:59 am

Thanks for your share buddy!

merbahax - November 18, 2017, 12:48 am

thanks man! working fine :)

can't wait till you add more.

VoidSkiller - November 18, 2017, 7:25 am

i dont see myself using it since I got money to pay for premium stuff, but this could be nice for the people just comming into this

vaxton - November 18, 2017, 11:17 am

(Nov 18, 2017 08:25 AM)VoidSkiller Wrote: [\[CITE\]](#) i dont see myself using it since I got money to pay for premium stuff, but this could be nice for the people just comming into this

premium stuff? what do you mean?

i can add something for free which is available in premier stuffs.

XXXkingoXXX - November 23, 2017, 1:06 am

can I get a key and account pls I cant pm you it looks awesome and I cant wait to test it good luck with project

vaxton - November 23, 2017, 5:20 am

(Nov 23, 2017 02:06 AM)XXXkingoXXX Wrote: [\[CITE\]](#) can I get a key and account pls I cant pm you it looks awesome and I cant wait to test it good luck with project

sure, PM me, if you're not able to pm right now.. PM me when you can :)

vaxton - December 2, 2017, 2:56 pm

i'll be continuing this project on 12/12/2017 :)

reason: busy in my exams and my e-book customers.

venox7 - December 4, 2017, 2:43 pm

Thank youu for sharing :)).

AceHardware - December 4, 2017, 4:07 pm

Can't wait for the Keylogger creator :D

Hopsin - December 4, 2017, 4:15 pm

Very nice mate. Good luck with your exams!

vaxton - December 5, 2017, 12:58 pm

(Dec 4, 2017 05:15 PM)Hopsin Wrote: [\[CITE\]](#) Very nice mate. Good luck with your exams!

thank you everyone! :D

i'll be adding a lot of high quality contents to this project.

but only upgraded member will get free license key :)

just wait for it, you all will be amazed.

AceHardware - December 5, 2017, 1:44 pm

Add something that allows me to access a remote PowerShell on someone else's computer.

Ir1986 - December 5, 2017, 9:53 pm

I cant PM yet could you PM me the key

Rockonxx - December 6, 2017, 2:52 am

Thanks for the share dude

Hopsin - December 6, 2017, 3:44 am

(Dec 5, 2017 01:58 PM)vaxton Wrote: [\[CITE\]](#) thank you everyone! :D

Very good, mate! Friendly tip: Your interface by the way, can be improved! ?

ChameleonMango - December 6, 2017, 11:25 am

Should really handle your key better

C3VGnvFWtp***** Look familiar?

Pm me if you need help <3

vaxton - December 6, 2017, 11:42 am

(Dec 6, 2017 12:25 PM)ChameleonMango Wrote: [\[CITE\]](#) Should really handle your key better

C3VGnvFWtp***** Look familiar?

Pm me if you need help <3

haha yes! you got me.

anyway it's an open source program, anyone can message me for the source code so he can add/edit something :)

anyway yes i may need help in hiding the key from the leakers, i'll credit you and everyone who's willing to add something :)

(Dec 6, 2017 04:44 AM)Hopsin Wrote: [\[CITE\]](#) Very good, mate! Friendly tip: Your interface by the way, can be improved! ?

sure i will :) i'll work on the GUI later, what does matter now is the functions.

Haarp1009 - December 6, 2017, 12:03 pm

Please Usb spreader and Lan spreder :)

vaxton - December 6, 2017, 12:05 pm

(Dec 6, 2017 01:03 PM)Haarp1009 Wrote: [\[CITE\]](#) Please Usb spreader and Lan spreder :)
i'll add it to the (check list) to see if i'll add this later :)

will be working on the project again on 12/12/2017 !

Malicious` - December 6, 2017, 12:09 pm

That's actually an amazing project you are running. I'm not into keylogging or ratting but if I was trying to do so, I'd definitely take a look at this.

vaxton - December 6, 2017, 12:19 pm

(Dec 6, 2017 01:09 PM)Malicious22 Wrote: [\[CITE\]](#) That's actually an amazing project you are running. I'm not into keylogging or ratting but if I was trying to do so, I'd definitely take a look at this. thank you buddy! :)

you can join this project too.

Thanks but I'm afraid I'll pass. Working on my own project right now, aim is to learn as much as possible.

I've done a quick hybrid analysis of your tool by the way. Of course it is showing up as potentially malicious, but when you read the report it's just because there are some red flags which are present on every tool similar to this one.

<https://www.hybrid-analysis.com/sample/a67114bff89f332f3846ee11f554eb4ff5f7dfe1eec03ff5035f2d5e3f19c29f?environmentId=100>

yes yes, i know that!

the file binder itself will show it as potentially malicious.

Takehito Morokuzu - December 7, 2017, 8:10 am

Hi!

I have just tested this program, I got it just for the assembly changer but it says that it was successfully changed however it has done nothing.

BTW: You need to obfuscate your file as it is super easy to crack, it can be cracked in 2 minutes.

vaxton - December 7, 2017, 9:12 am

(Dec 7, 2017 09:10 AM)therulerofall Wrote: [\[CITE\]](#) Hi!

i will fix the assembly issue in the next update, and i didn't obfuscate it since it's on open source program.

julianj79 - December 7, 2017, 9:45 am

I think pm'ing you for the key is unnecessary considering some of us cant PM people until we have 25 posts

themoster - December 7, 2017, 1:40 pm

can i please get the key for the program?

Hopsin - December 7, 2017, 4:00 pm

(Dec 7, 2017 10:12 AM)vaxton Wrote: [\[CITE\]](#) i will fix the assembly issue in the next update, and i didn't obfuscate it since it's on open source program.

You made good decision leaving this as open-source. ? I like people who don't hide things.

Lextian - December 12, 2017, 11:09 pm

Nice share buddy, will pm you for the key to test this out.

CyberStrike - December 13, 2017, 3:20 am

It's great to see people sharing and adding to the community. Good job!

Kingsloth - December 23, 2017, 7:36 am

hello, i am wondering what is file pump?

vaxton - December 23, 2017, 10:03 am

(Dec 23, 2017 08:36 AM)Kingsloth Wrote: [\[CITE\]](#) hello, i am wondering what is file pump?
increase the file size by adding junk codes and bits

Generating - December 24, 2017, 4:51 pm

You really need to work on the GUI. Either make your own VB theme, or get a free one because I would never download this if I was looking for a tool just because of how it looks. Looks extremely sketchy, good luck though.

Kingsloth - December 26, 2017, 2:50 am

Key, password and username wrong unable to login and review this software. :/

Past1rma - December 30, 2017, 11:49 am

add a function to spread flashmemory pls. then if we plug that memory to antoher computer it will be effected :)

Hopsin - December 30, 2017, 5:25 pm

(Dec 23, 2017 11:03 AM)vaxton Wrote: [\[CITE\]](#) increase the file size by adding junk codes and bits
Congratulations for your l33t by the way buddy.

Personally, I was never good with GUIs thus I started using VB themes. Not proud but at least, most of products, were little view-able after that. (Compared to my older apps without vb themes installed)

vaxton - December 30, 2017, 6:56 pm

(Dec 30, 2017 06:25 PM)Hopsin Wrote: [\[CITE\]](#) Congratulations for your l33t by the way buddy.

thank you so much hopsin! :)

anyway i don't really care on gui right now, the most important is the power of code, gui and theme can be easily edited and changed by time.

JHazard - December 30, 2017, 7:12 pm

Could you pm me the Key please? Would love to check it out

ALVESALVES - December 31, 2017, 2:06 am

Hell yea! Can't wait to test it out brother!

Thank you!
