Thread: [Multi Scammer Abusing Unupgraded Users - \[UID 3384515\]](#)

Username: Kaleb™

So this guy contacts me regarding my [snapchat thread](#), with an offer of \$300.

We talk about the price, and then he said that I could go first because he has "done plenty of deals without any problems".

Obviously this reminds me to look up his UID.

And, no surprise...

I mention this, he said it's all fake.

I ask to rather use a middleman, he -reps me calling me a timewaster. What a way to treat us powerless unupgraded plebs...

Apparently he just lurks around the marketplace, approaches unupgraded users with decent offers, and then refuses to use a middleman.

If you decide to back out of the deal because of CRYSTAL CLEAR TRUST ISSUES, he -reps you with DWC and ruins your reputation just because he can.

He's also a multi.

I think the scammers that are banned fast, are accounts that were sold, so it is easy for staff to know that something is fishy.

I don't understand how he is abusing his powers on unupgraded members? He gives out reputation to anyone who pisses him off.

I helped you out with your rep. I hate when ub3rs try to avoid explaining why they have a scam report they never resolved. That shit even happens to me and i've been here for 7 years

Captain P. - November 13, 2017, 2:31 pm

The user in question also approached me asking me to buy his IG account for 300\$ to 400\$, I refused (after seeing all those scam reports) and I wasn't interested in the account.

Exactly - besides that staff doesn't take action unless it's huge I've noticed

He's giving out "DWC" reputation because he failed to scam you.

So it's either he takes your money, or you get a -3 lol with DWC.
