Doing the core sections only at the moment as without the Writers group we don't have our usual permissions.

IKR? Though lately Omni has been giving out tons of awards, so it's kind of nice to see that it isn't happening every week.

The source for the "Omniscient Injured in Car Accident" story is a mis-link.

mrnapolean1 - November 14, 2017, 7:07 pm

Looks like the crybabies got their way once again with the theme.

My suggestion is to build a completely brand new theme because there are some people who hate the shitty modern blue theme while others hate the much more better blackreighn theme.

Arrakis - November 15, 2017, 6:13 pm

Miss a lot of the content the news used to have. I also miss the comics :(

Great edition. One small thing: Clicking >>source on "Omniscient Injured in Car Accident" takes you to the modern blue thread and not the car accident thread.
