That shouldn't be a problem because the time he says he takes to finish the site and setup everything is around 5-7 days but i'm willing to wait that 10 days. At least i know my site will be done when they come back.

sadfire - March 8, 2018, 1:33 am

Bought his diamond package but I was very disappointed in the result. I want a refund.

He has informed me that it will take 5-7 days for the shop to be made, which I think was perfectly normal to design a fairly amazing store. 9 days have gone by and I finally saw the site, I am so disappointed in the result.

<https://gyazo.com/79e7ee0a82b3c4510b8863fa7e4641c1> (gif)

If you're thinking of buying, I recommend that you do it yourself instead of waiting 58 days & wasting \$60 for a poop website.

Too long; Didn't read: I AM VERY UNHAPPY! VERY DISAPPOINTED. SHIT DEAL. DON'T WASTE YOUR TIME.

Lol at least you got yours 0.o Chargen wont even respond to me, I purchased on the 24th was told It would take roughly a week which like you, I was completely fine waiting for, He was good with response time at first... Then after that it went to Shit :(, Then on the 1st of March I get a message from Chargen saying 'Yes your site will be done on Sunday sir.' ... Sunday comes around and of course No response from Chargen Right up until Tuesday where all he responded was 'Hey man'

like 0.0 forward to today the 9th and still nothing and Tomorrow will mark 2 weeks :^(

Honestly I gave him time to fix this and put everything right but he hasn't Hence why I Feel the need to leave this feedback on his thread, To help people decide if Purchasing this is really what they want lmao.

TLDR: Practically 2 weeks after buying, My store isn't setup, Two Deadlines THAT HE SET HIMSELF not met, communication with him is close to non existent, Taking the L on this on I guess Boiis
