Hi!

It is community alert. This guy make replica skype IDs of trusted users

I got scammed by his replica of "bezo" currency exchanger for \$40 BTC.

In my case he has "erwin.hf" as his skype name.

.hf is simmilarit among his IDs

Please never go offsite.

TheVision - November 19, 2017, 8:06 am

Yeah I made a mistake, sorry for that. Its okay, it was only \$3. He's not gonna buy a villa with that.
