Thread: [GFX Services from a rookie gfx designer.](#)

Kikirez014 - November 16, 2017, 8:05 am

Okay so as the title says, i am rookie GFX designer and i'm looking forward improving my skills! I am willing to do any kind of gfx work(I mostly enjoy doing banners/signatures) for of course really cheap price, i think i am decent designer based on how much time i spent designing. I don't have any exact prices so if you would like to purchase anything, feel free to PM me and we will make a deal.

I am not allowed to post links/images yet so if you're interested in seeing my previous works feel free to text me on discord: Kikirez014#7649

Thanks for reading

Can you at least supply any work you have done please ?

Airness - November 16, 2017, 8:15 am

Lets see your previous work.
