Thread: [The Tabs Are Back!](#)

Imkasumidloke - November 16, 2017, 3:10 pm

Yes! The tabs are back! I think it's a great fixed feature for HF!

Spade - November 16, 2017, 3:12 pm

yay they are back :D love it!

DenizZ - November 16, 2017, 3:14 pm

Yeah I'm glad they are back. The forum looks much better now.

test - November 16, 2017, 3:20 pm

Never really used them much but glad they are back. Lots of people seem to like them.

Elitas - November 16, 2017, 3:22 pm

Haven't seen anyone at all post about this... I can't see any of the topics under the tabs...??

Hapi - November 16, 2017, 3:23 pm

Just when I was getting use to the other layout, the tabs are back.

Vince - November 16, 2017, 4:00 pm

Do you really need to make one pointless thread after another every time he adds a feature back?

SoulZeh - November 16, 2017, 4:05 pm

I mean, Thanks for letting everyone know something they can already see by themselves. Cheers

FamousHater - November 16, 2017, 4:07 pm

now if we can get the theme worked on

Transcendent - November 16, 2017, 4:36 pm

thank god, now it wont take 2 hours to find a section

+mK - November 16, 2017, 4:47 pm

I'm glad they're back, but only because I can see all the sub-forums. If the single page layout would actually display all sub-forums in a view, versus having to perform two clicks to get to my destination, I would of been absolutely fine with that.

The page length would be enormous. Try to load HF in a browser without javascript and you'll see.

Kenjataimu - November 16, 2017, 4:54 pm

Oh lordy what a good day it is!!

lwristis - November 16, 2017, 5:03 pm

Definitely would not have noticed if it wasn't for this thread. Thanks for the thread.

Social Engineer - November 16, 2017, 5:06 pm

Thank god, the most underrated feature on the forum. Make navigating through the forum so much more convenient.

The Godfather - November 16, 2017, 5:20 pm

thank god it was horrible without them

this shit is gonna be halloween themed the whole year

Zher0 - November 16, 2017, 5:22 pm

Finally! I did like the new layout, but there is way too many categories and sub-categories to keep it straight all in one page IMO.

CPA Exposé - November 16, 2017, 5:23 pm

Hopefully this will help dry some tears.

Crypto - November 16, 2017, 5:35 pm

Next up the close thread option please? :)

You turds dont know the theme from back then. Most from 2015 and beyond think blue modern was the original theme or something.

yes for a "living"
the jealousy is real with this one..

mrnapolean1 - November 16, 2017, 5:42 pm

Makes navigation easier but I could have lived without them. None the less, glad they're back.

Jealousy?
No, just dislike how you guys literally complain about every little thing done to the site just because it isn't specifically how you want it.

Who's we? All I see is you bitching about nothing.

We are all happy having a great time enjoying the new tabs. Why'd you have to come and start bitching about the theme and giving people a hard time?

Thanks Omni <3

The tabs is one of those things that had always been here since I can remember <3

Sh4rk Seny - November 16, 2017, 8:30 pm

Glad they are back, they have been here since I remember! I didn't feel like HF without them.
