Thread: [Scammed by BrianKush UID = 1815513 \(User Chargebacked \\$45 PayPal\)](#)

Crypto - November 16, 2017, 7:37 pm

I did an exchange with the user BrianKush, his \$45 PP for my BTC.

His profile link: <https://hackforums.net/member.php?action=profile&uid=1815513>

He ended up chargebacking.

My administration:

Proof of payment:

Proof of him chargebacking as unauthorized payment (The classic scumbag move that PayPal has to fix):

When I received:

And when the little rat sucked it out of me again by chargebacking:

I couldn't find any PM's other than me PM'ing him regarding his thread to do the exchange, I think he probably added me on Skype and somehow got sucked away by my huge amounts of chat history there unfortunately but here is the rep he gave me regarding the exchange.

In short: DEAL WITH EXTREME CAUTION WHEN EVEN DEALING WITH THIS USER, SEEMS LIKE AN EXIT SCAM CONSIDERING THE AMOUNT OF THREADS ABOUT HIM LATELY BUT THAT'S NO REASON FOR ME TO NOT POST THIS, IF HE EVER COMES BACK BE WARNED!

Put his profile Link here mate ?

Space• - November 17, 2017, 2:07 am

information is in Dutch however, I can confirm that there was some sort of refund/chargeback sent back to DNS administrator.
