Thread: [Groups can have Group Awards?](#)

The Godfather - November 17, 2017, 4:55 am

As a way to support HF and the groups (Split percentages however). We have awards for all types of stuff, not for groups (just userbars).

Would be interesting I'd say,

This already exists (see: Eclipse), you just have to pay a fuckton of money for it.

DenizZ - November 17, 2017, 8:30 am

Can I suggest a new award?

No. Awards are created by the admins only at their discretion. Suggestion for new awards are ignored. Do not PM staff or create a suggestion thread for new awards.

We recommend you take the time to read the [HF Help Documents](#) section. The answer to your questions should be contained in there.

Unfortunately you cannot suggest awards.

Also, on another note, I don't believe this would work as groups change every week.

Would be the death of normal awards.

No one cares.

I mean, people in groups somewhat already do get an award, IF they are accepted into Ub3r they get the blue sapphire. Letting group owners have control of an award shouldn't just be giving out willy nilly. Just like the Qwazz star and that other dudes, it's something Omni feels they earned.

The kid who gave that art/graphics group away is the truly generous one, not me.

Thank you for your suggestion but this will not happen.
