Proof:

Spoiler ([Click to View](#))

Here's the proof that I sent him \$845 BTC

<https://blockchain.info/tx/46568c04c66ff5781388293ad8d0c8b265aff7f65d67516eec41c7706eac76bd>

He already moved the BTC I sent him to another address

<https://blockchain.info/address/19RMDctrS9GEhT98oD1zTx7LAb8Wn2ePJr>

Do not deal with this guy as he's been ignoring my PMs after I sent him \$845 BTC.

He' supposed to send me \$1300 AGC as a deal.

He's been ignoring my pms, and I saw him PMing other(s).

Will remove this if he decides to send me the \$1300 AGC.

--Update--

He's not returning anything.

The user admitted to exit scamming and asked me to help him scam other members so he can pay me back.

Deany - November 22, 2017, 8:50 pm

Damn that's fucked how he's ignoring you... Hope it gets resolved.

Little Jojo - November 22, 2017, 8:51 pm

Biggy - November 22, 2017, 8:51 pm

as not the first time ive seen users sell something that they dont have.If he's getting them for me, he can nicely let me know, and not ask for 5 minutes instead and disappear. Disappearing for him is more like browsing the currency exchange forum...

Well I hope he gets back to me. He asked for 5 minutes and I gladly agreed to wait. It's been over 4 hours now and he's not even opening my PMs. And I see he's browsing the currency exchange forum and sending PM(s). So this community alert is totally worth it. I better have other not deal with him before he resolves this.

I doubt it's his accomplishments on this forum is worth the \$845 he got from me. So I'll wait till he hopefully resolved this.

We need trustscan back. It's hard to tell whom to trust without it.

This sounds a bit more serious than a CA..

Hopefully it doesn't have to become a dispute

We'll see when he decides to open up my PMs.

And he knows about this community alert since he opened up this one PM.

Next time do in parts would be safer.

Biggy - November 23, 2017, 3:48 am

I just watched his profile for the past 10 minutes and he's reviewing literally every thread in "Buyers Bay".

He's exit scamming, garunteed.

James Burnham - November 23, 2017, 3:53 am

I am not really sure, but wasn't he banned for some months? Or am I mistaking him with someone else?

Savoy - November 23, 2017, 4:01 am

The dude just changed his username.

Need help getting this boy banned before he rips others off as well.

Any thoughts?

It may be a compromised account, or just exit scamming.

Maybe staff can look into it? Idk, don't take my word on that. I don't think staff get involved but maybe they can determine wether or not the account is stolen and ban it until further notice.

?Skwiid - November 23, 2017, 4:11 am

PM'd the user, this is his response.

Was about to say exactly the same, why would you ever put trust in someone with that amount of money, that's just silly goose.
