Proof:

Spoiler ([Click to View](#))

Here's the proof that I sent him \$845 BTC

<https://blockchain.info/tx/46568c04c66ff5781388293ad8d0c8b265aff7f65d67516eec41c7706eac76bd>

He already moved the BTC I sent him to another address

Do not deal with this guy as he's been ignoring my PMs after I sent him \$845 BTC.
He's supposed to send me \$1300 AGC as a deal.

It's been over 12 hours, so here goes this scam report.

The guy just changed his username.

Update:

He admitted to exit scamming and asked me to help him scam others so he can return my money.
I am not getting anything back.

I got the pp email he used for his upgrade.

His name is Simon Clarke apparently. I'm not sure if this is his personal pp or he used someone else's pp. There's ip address and location as well. New York. I'm not sure if I'm allowed to post IP here.

Another thing I know, since he showed me, is that he is supposedly at Atlanta, GA now based on the screenshot he showed me.

Here you can see that he withdrew my money via bitpay.

/wrists - November 28, 2017, 5:41 pm

IP address you can send to me and I can write up a report for the ftc to see :)
