Thread: [Releasing an SMS reciever & sender website](#)

Closed User - November 23, 2017, 7:57 pm

Would anyone be interessted in this?

You would be able to verify number on tons of services plus sending SMS

SIM-3420445 - November 23, 2017, 8:06 pm

Yes , keep going mate. Good start ! M with you ?

James Burnham - November 23, 2017, 10:43 pm

If you make it cheap enough CPA guys will be your worshipers.

Holster - November 23, 2017, 10:46 pm

I'd be interested in doing the front-end for this, pm me if you're in need.

(Nov 23, 2017 11:43 PM)? Mr. Burnham ? Wrote: [\[CITE\]](#) If you make it cheap enough CPA guys will be your worshipers.

yes, but only if Its cheap else they wont earn anything from CPA

R00tUnseen - November 24, 2017, 5:16 am

In also :) I have thousands of SMS flow campaigns WW :)

This right here was what I was gonna say.

Mr. Reviewer - November 24, 2017, 6:53 am

What country are the numbers from?

SIM-3601851 - November 24, 2017, 10:50 am

Is this going to be another GetSMSCode clone? Seen enough of those here lately...

Depressed eGirl - November 24, 2017, 11:56 am

I'd be interested in this so contact me once released
