Looking to sell these both.

1x \$100 (with online receipt)

1x \$150 (with online receipt)

If you are deemed reputable, I will go first, if not I don't have a problem with using a MM.

This may be the wrong section, I'm unable to post in the currency exchange, so instead I will not list a percentage or price I want. Payment by the buyer will be made via PayPal.
