Got a Vouch copy and below is my review regarding the product.

Quality - 9/10

Excellent.... Everything is explained in a nice manner with pictures. High Quality product.

Ease of Use - 9/10

The ebook has 3 methods and all are explained in an easy way. A layman like me could understand these.

Originality - 10/10

New concept. Never heard about the method elsewhere. Will recommend to use it.
