made something a month back.

gonna be animating it soon, wanna put in some chill elements and just make it look chill af idk tho, not really sure about it.

cnc. thanks.

Dezigner - November 27, 2017, 6:03 am

Looks good, great work dude.

Popdog - November 27, 2017, 6:05 am

Wow! Looking beautiful. Can I use it as steam avatar?

jsquad - November 27, 2017, 8:10 am

This could be better! Good though.

Enzah - January 7, 2018, 6:14 pm

i like it so much , what a great work :)

Jellynator - January 9, 2018, 8:57 am

that looks awesome, maybe add a bit more shine to the moon

Autni - January 25, 2018, 9:37 pm

Did you use resources or did you draw this?

oRequiem - January 25, 2018, 10:08 pm

Try not to post whore for posts.

I can see you needed to get 25 posts to private message someone, but this isn't the way.

This thread is a few months old, there isn't a reason why you should be searching for "Rate my threads" from months ago.

Indelible - January 25, 2018, 11:39 pm

it would be cool if you made the colors pop a little more. Maybe like a glow effect would help. I really like it though
