Thread: [Thread Subject Character Map?](#)

Vebbside - November 26, 2017, 12:29 pm

What are all the characters allowed in the thread subject? Of course I know a-Z, etc, but special symbols and stuff like that?

Not all characters are allowed. It's up to ASCII map 127.

M?xim - November 26, 2017, 1:15 pm

Stick to a-Z and everything that the keyboard has as default and you'll be fine.

I would avoid [these](#) kinds of.
