Thread: [Money Making Mentorship. \[1/2 Students\]](#)

Tech - November 27, 2017, 4:08 pm

I haven't been someone to usually talk about or even make a thread on these topics, but I figured I could help myself earn some extra cash and teach some people how to make money through a few different methods that can't be saturated, hence why I am selling them.

With my methods you can expect to earn minimum \$25/day up to hundreds per day. I will not bullshit and tell you to expect \$500/day, I would say on average I make \$90/day with the combo of these methods.

You can expect to earn on the smaller end of the scale when we first begin our lessons and increase your earnings as you familiarize yourself with the methods and how to utilize them.

I can teach you to make money no matter where you live, India, USA, Canada, Africa, Anywhere with an internet connection.

I will post some earnings proof and vouches from members from ONE method I sold a few weeks ago here on HF.

Proof of my money:

Spoiler [\(Click to View\)](#)

Spoiler [\(Click to View\)](#)

Above is proof of some of my cryptocurrency holdings bought with money from these methods as well as some of my bank transactions. I can gladly show proof over screenshare to serious buyers.

^^^

If you would like to check vouches and earnings from others that bought my previous method sold here.

Cost: \$300 BTC/ETH only.

This will not be something you are purchasing to get a e-book, this will include a direct way to contact me and ask me questions at any time I am awake. I will only be accepting two students as properly teaching them will take some of my time.

Keep sales trashing to yourself and if you are interested I am more than happy to provide proof of anything you are unsure of.

Only have room for one more student.

Fudster - November 27, 2017, 6:14 pm

I have purchased into this mentor-ship program.

Will update when I start earning

Tech - November 28, 2017, 6:15 am

Open for one more student.

Fudster has joined me as a student.

Tech - November 29, 2017, 6:35 am

We are still looking for one more student. Price lowered slightly to try to teach both students at once.

Tech - November 30, 2017, 10:47 am

Looking for one last student. Someone is interested in purchasing this weekend, if we don't find another buyer before.
