eh, btc blockchain is so congested right now. only time and PH/S can save it.

**zFacetious** - December 7, 2017, 4:36 pm

Not sure why people are asking why they would use this when there's is free one, this is also a free one, OP is just working on coding and wanted to release what he has made, and for the people asking what it does, it is literally in the title, Bitcoin Transaction Accelerator Program.. Speeds up the process of waiting on your BTC transactions! Great giveaway!

I've downloaded it but haven't needed it yet! Will give it a try thou! Thanks and congrats on your new program !

**divisive** - December 8, 2017, 1:46 pm
