There obviously won't be any vouch/review "copies" given out. This works on a slot based system we are a team and I am only looking for permanent committed members who are serious about profiting.

rakhwas - December 4, 2017, 9:41 am

Just bought this, the transaction was straight forward.

- Havent got the method yet, will remove this when i get the method + discord invite.

KuntaKinta - December 4, 2017, 10:32 am

Op was supposed to have a chat on Skype but at a particular time and missed it and I pinged him a few times and didnt get a reply. But he has replied over here saying slots are available. I will give him the benefit of the doubt and give it a bit more time and will revert.

Edit: Op got back to me and was apologetic and am happy with that. The appointment is now set for tomorrow as I am travelling today. Will keep you all posted. OP has been busy and has promised to get back to me. Thanks OP.

Just read this before making purchase :)

Is this related to HYIP, making a HYIP, making an ICO, stealing an ICO, anything related to ICO?

Response: No

And any trustworthy user purchases yet?

Response: yes, but we're a private group and they don't want to share yet

Similar "proof"?

Response: remove your comments now

Has nothing to do with HYIP or ICO's. This is fully whitehat so why would there be stealing involved....some of you just post what you want without even reading the thread. All purchases are private and if the client wants to "vouch" or confirm their purchase then that is fully up to them and has NOTHING to do with me as this is a private sales thread.

We are currently down to our final 2 slots, this thread will be shutdown after.

Twist. - December 9, 2017, 3:39 pm

Team is doing great, all customers are almost fully caught up. Really excited to what we can do with my layout boys.

You are mad and make directly a negative rating, wow. ?

Few persons bought the product now and no feedback. You said it is up to them, but with no feedback it looks like a scam.

Why he shouldnt write a feedback here? This is abnormal.

Twist. - December 10, 2017, 2:23 pm

Slots all closed off, look forward to making some big moves with you boys.

xGuardian - December 10, 2017, 6:16 pm

Awe :(Well hopefully our current clients make the big monies!

I just want to see some legitimate reviews and/or proof.

I will let you know how it goes and whether it is good or not. Don't worry I call it as I see it.

Sorry, but don't think I can trust the 47 poster that joined 2 months ago and has posted on his other threads as a "purchaser"

But hope it does well for you :)

Fair enough. It is up to you whether you want to take my feedback or not. If its not good and I post it as not good, you dont need to trust me either. Thats your choice. You should just stay on the fence then till you find something you really like reading :)

iiCalum - December 12, 2017, 11:24 am

Bought this. Will update once I receive enrolment.

Haroshi [™] - December 12, 2017, 3:53 pm

this turned out to be shit i guess...

rakhwas - December 15, 2017, 6:35 am

Never recieved the method, anyway he sent another blackhat method which includes ewhore type shit with customer handling.

- I have not used this nor will i use it, and as he sold his method as whitehat autopilot this is complete BS.

I know hes banned or smth, but anyway dont deal with him if he gets back.. :)

nanohits - December 19, 2017, 12:22 am

Yeah I am also going to file a scam report. Spent 100's of \$\$ and sent a word file and hasn't bothered to help or support. Claimed he was having exams and hasn't bothered to help anyone in the group. He said the same thing that its all completely whitehat and I am like whats this Ewhore stuff.
