Nope?

DJMflow - December 22, 2017, 9:04 am

I am an OG member who has continuously benefited the Hackforums community. Back when the FBI tried to con Our leader Omni into selling the forum and turning it into a black-carding market, I was victim to the poor research. At 13 years of age, I was awoken to going to my door on 26, June

2012, to the FBI.

Behind the scenes I code and execute big movements.

Thanks for your uber upgrade!
