Uh you posted your LoL user & pass, might want to remove that or something.

Woods - December 10, 2017, 11:07 am

Blur out your LoL information OP

Herbert - December 10, 2017, 11:08 am

all seems legit, sorry for your loss, and thank you for the heads up

also I'm pretty sure he already changed the details on it, most people use temp passwords when requesting services, but definitely wanna blur the username since the password is an existing password linked to the account, if someone tried to pull the account
