Not here to offend, but I find sketchy that first OP asked information about my Netflix guide, then opened this thread.

I wouldn't like to think that you got my guide and then started reselling it at \$3 less. Please contact me so that we can compare our products, and sort this out.

@Ombra I had a few Netflix Methods i discovered few months back but they worked only for the first month , I asked on your thread if its for a month or life time . But latter on checking comments i learned its only 1 month , Kindly check the time difference between my post and thread hardly a few mins
