Thread: [taking twitter requests \[active/inactive\]](#)

Heart - December 10, 2017, 9:54 pm

hi, taking any and all twitter requests you may have
can be either active or inactive but i'm more likely to get if active.

MINIMUM PRICE OF \$150 PAYABLE VIA BTC/ETH/LTC. YOU PAY AFTER I SHOW I HAVE ACCESS.

I will not secure the account, that's all on you. If you're unable to come up with funds I will keep the account to myself or quicksell to someone else.

No vouch copies.

I only require payment after success.

=)

how it works:

u tell me @ and email

i pound my fat fingers into my keyboard, log in and show proof

u pay me

i send u details
