Thread: [Shopify Coaching - 1 on 1 Coaching Until YOU EARN \\$20,000/Mo GUARANTEED | NO E-BOOK](#)

Tando - December 11, 2017, 11:07 am

3 SPOTS REMAINING. FIRST 6 SPOTS ARE \$297, LAST 4 SPOTS ARE \$497 INVESTMENT

This is NOT an E-Book, this is a series of LIVE 1 on 1 Skype sessions of myself helping you create a store that earns at least \$20,000/Mo. I have done research for years and have failed at first, until I found the right strategies and products that win every time. No investment is needed as we will be dropshipping, meaning you only spend money once you get it from the clients.

Most shopify courses cost anywhere for \$5,000-\$20,000 - I am offering this for a FRACTION of the investment. QUIT your day job and earn a passive income online.

I AM LIMITING THIS TO ONLY 10 STUDENTS SO THAT I CAN HAVE ADEQUATE TIME TO DEDICATE TO EACH ONE.

F.A.Q

Q: If you make 20k+/month why are you selling the service for \$300?

A: I'll be selling the service for \$2k-\$5k per student, I'm just testing the best ways of coaching for now and offering it for cheap to gather more students and get more experience. Only on HackForums. Q: Does this work worldwide?

A: Yes.

Q: Is this whitehat, greyhat or blackhat?

A: 100% whitehat.

Q: Can I pay after 30 days?

A: No. I will not wait that long for funds.

Q: Do I need an investment?

A: You will earn first, and invest a portion of your earnings to make more.

Q: How long until I start earning?

A: Within the first 2-3 sessions you will be earning at least \$100/day.

Q: It's too expensive.

A: This course is offered for between \$5k and \$20k per month. Only \$10 per session, it's affordable. I will be raising the investment cost.

Only 10 sign ups allowed, this is the limit. Thanks!

It seems too good to be true for OP to do this, if he did I would be happy to do this as well.

Enzio - December 12, 2017, 5:37 pm

You cannot guarantee they will make 800/day for 30 days.

I am mentoring someone and he made 11k in 12 days but I would not have mentored him if I had to guarantee money.

Cause I know for a fact not even 85% of those who pay will make 800/day for 30 days.

Definitely remove the "guarantee" part.

OGPaper - December 13, 2017, 3:31 am

I'd be interested if you can guarantee that working with you during the Christmas holidays for a whole 30 days I will put my mind to this if a MM can hold the funds. There should be no issues in doing so, in fact I'm happy for the MM to release the funds as soon as I see my investment repaid + some sort of profit, \$200 would be fair.

Mr. Reviewer - December 13, 2017, 11:56 am

interesting, so basically you offer mentoring? through which tunnels you recommend getting sales? Organically or Ads?

NewGeek - December 13, 2017, 12:53 pm

I am interested in this, do you help with sourcing the products and setting up the store etc?

Thanks!

Compulsive - December 13, 2017, 2:36 pm

So why are you offering something that can make you \$20,000 a month for only \$300?

If you are actually mentoring to \$20,000 a month, then why are you coaching people for less than you make in a day.

$\$20,000 / 30 \text{ days} = \$666 \text{ a day.}$

Can you provide some insight to the reasoning behind it? I think the calculations debunk the idea of "needing the money now".

Thanks!

J/k, I know you're ignoring it on purpose and this way you're proving this thread is BS. I'll paste here what I wrote to another HF member

But he's using the Nigerian prince approach (I don't know if he's aware of this). That's the strategy used by spammers sending the 'I'm a Nigerian prince looking to give away 10mln dollars' spam. They want to get the most naive people to get back to them so they will have a high success rate with them.

Just like here - he gave absurd promises and only the most naive people will believe that someone is willing to coach people for \$300 one-time fee instead of spending this time building more stores earning \$xx,xxxx per month.

Very interesting. If OP can actually answer questions here on this thread instead of PMing people, I'd feel more comfortable taking a chance on this thing. But seeing as he's just ignoring all these valid questions, I'm just gonna assume this is a joke/scam. If I'm wrong, I'm sure he will prove it by actually answering the valid questions, and on here and not via PM, as that doesn't help anything else trying to get insight on this.

I second this, as a Shopify store owner with multiple successful stores running, I would much much rather invest my time into furthering the development of my own stores/brands... It really just doesn't make sense for someone to be making this much and charging this little...
