1. You don't name your asking price
2. What is your asking price?
3. You willing to go first to me?

I did not name my asking price because I am open to offers. Not looking to rip anyone off, meanwhile the average site charges \$150 for this service on top of the shoe. I will be doing it for less then half of that.

Success pictures for the Blue Tint drop will be posted within the next 3 days! Looking forward to future releases!

P.S. I secured over 12 pairs for myself and 10+ for other people when the Beluga 2.0s dropped.
