Happy Holidays everyone.

Bumping this thread. Giveaway is still on :)

ZombieBacon Studios - December 17, 2017, 3:40 am

Thanks for holding this contest! And I would love to become L33T. Reason I would be a good choice because I think

I'm a decent member of this community, I do some GFX on here for people and give gfx away as well!

Exci - December 17, 2017, 4:12 am

I'm trying to become L33T because I want to open a OSRS shop on here. I hate going first because there's so much potential to get scammed, so I'm trying to build up some reputation and become more known and trusted on here. Would love this, thanks for giving it away!

Dark Element - December 18, 2017, 12:48 am

I want to be upgraded to L33T, so I can access a few threads on the site, I just recently joined and have been really into the LTC community. Seems like a great coin to invest in. But at given point, I've invested too much and don't have the money to upgrade myself. Therefor I'll upgrade other users when I get around to have some money.

nikhil273 - December 18, 2017, 5:59 am

I want be upgraded coz I've been here for quite a while now . there are whole lot of features and opportunities for leet that a normal member cant get access to and I've got no negative reps till now

DuelPit - December 18, 2017, 2:15 pm

Hey dude,

I'd appreciate the upgrade because I'd like to contribute a lot more to the community and help out even further, and also sell some nice services that a lot of members would appreciate. If you upgrade me I will give you endless love.

Thanks bro

LoveGod - December 19, 2017, 7:04 pm

I should be fucking upgraded because if you don't I'm going to find you and fuck your face up. It's going to feel like your face is the fucking pavement and 50 thousand people are running a marathon on you. It's going to feel like the indians are walking the trail of tears on your motherfucking face. Than when you're rolling on the ground begging for mercy I'm just going to kick you in your face spit on you and piss all in your face in mouth. The decision is yours motherfucker.

Passion Fruit - December 21, 2017, 2:07 am

I don't know, I want to be upgraded because I have been here for a long time, since about 2012 and never received an upgrade yet. I seem like a HQ user and don't scam like some people. I just want to help the community. Thanks for the giveaway OP :)

se43 - December 21, 2017, 3:37 am

I want to be upgraded because every system needs upgrade in other to meet current and future competitions from other sources.

I want to be upgraded in order to reach out to people at a higher level.

ErwinRich - December 21, 2017, 3:49 am

First of all thanks for hosting this giveaway.

I would like it because I am not planning of buying it myself soon. I need to save money for my drivings license cause that thing costs around 1200€ or more. Depends. After that I need money for my study so that will also cost me tons.

Every little thing helps so not having to buy l33t will save me a little on my study or license.

Good luck to everyone and thanks for being so kind <3.

Hey there, honestly I know stats mean something and mine aren't the best... Sooo, I won't likely be chosen for this, ,but thank you for putting in your time and money on this, most people wouldn't even bother to do something like this! Honestly, I would like it be able to give out rep, and access the premium parts of HF! Thanks for reading this!

000 - December 21, 2017, 8:02 pm

I don't know why I'd deserve to be upgraded since there are more deserving members than me but if I were to be upgraded then I guess it would be because of my participation in the free giveaway section. I don't know.. good luck to everyone else!
