SUMMARY

What does the seller promises on main post?

- Optimize your Phone Battery.
- Boost your CPU.
- Tools to boost your phone
- Video Tutorials

What does the seller say in his posts?

Doesn't say much. Doesn't have much engagement, to begin with.

Files:

- Contains 1 pdf containing 12 pages of information.

A short introduction of what actually contains:

- What the seller promises that's what you get.
- You'll need a bit of time to figure out especially if your phone is in a different language than English like mine.
- Contains EXTRAS and an invite on his private subforum where these extras are situated(to see what the extras are about read About the Seller Section)
- Offers over 8 different apps for you to use and manage your phone together with some video tutorials.

Vouches:

Spoiler ([Click to View](#))

0 Positive Vouches - Backed up by proofs,pics,videos.

5 Neutral Vouches - Positive Vouches but text-wise only.
0 Negative Vouches - self-explanatory.

Vouches such as "Vouch for X, he always has great products!" , "You can't get wrong with X!" , "I vouch for this guy he knows what he's doing!" , "I tested out this product, it works! Great Product!" are not taken into consideration. Vouches without legit-proofs are not taken into consideration. Text-proofs are not taken into consideration. This is a community and in the end people connect to each other either by friendship or a common interest they'll provide a vouch.

Proofs:

On his main advertising thread doesn't provide any proofs regarding his own methods.

Personal Review:

About the Product:

Spoiler ([Click to View](#))

-Offers tips tricks how to increase your battery lifetime, some tips are very for a newbie but also provides some very advanced tips that you probably didn't think about as a casual mobile user, you have to go in the settings log as a developer there and then make some changes and so on and so forth in combination with some apps, everything explained in the ebook.

-This is achieved by disabling unnecessary processes and understanding what's really needed to your mobile which essentially will boost your CPU and RAM.

-Tips&Tricks on how to optimize your Battery / RAM.

-Covers thoroughly every aspect that drains the battery.

-Comes with special access to his forum.

-Some apps the seller recommends don't work on all devices(on my Lenovo one of the apps it's not supported)

About the Seller:

9/10

-What he offers that's what you get.

-Provides pictures with the phone settings at every corner.

-Provides video tutorials about some of the apps he recommends which makes your learning a lot smoother.

-Most of the apps the seller recommends cost money, however, the seller provides the unlocked versions on his private forum, these are the EXTRAS.

-The effort it's there, the seller definitely put a lot of effort into making this product, offers videos/tutorials and advanced techniques for managing your phone including the unlocked files of the store apps, which normally, some would cost money!

Yeah I am the host but Duepi is more than a business partner for me, which makes me glad to support him with advices/proofreading of his works before starting to sell them on HF :)

Rogue Market wouldn't be the same without him.
