Recruitment is currently closed and it won't be opened for awhile, so if you're interested, you can buy-in. As the only current way to get in right now is to purchase a spot in the group, the spot in the group will last for the lifetime of the group.

Buyin Price:

If you pay with Ethereum, the price is: \$25 USD

If you pay with PayPal, the price is: \$30 USD

If you pay with Bitcoin, the price is \$30 (you must cover TX fees)

However, if you have any unresolved scam reports, just blazing with low quality, and/or a high warning you will be denied. If you'd like to purchase a spot, contact me only, [DenizZ](#).

You can contact me for a Buyin by clicking the following button: [Click here to contact me](#)

If you would like to purchase a spot for yourself and a friend, I will drop the price to \$50 for both of you. You must PM me along with your friend's profile. You are not responsible for what your friends do, so do not worry about removal if they are removed.

Terms of SaleI have the right to deny anyone

You will simply be removed if you do not follow the group's guidelines

All sales are final

Group has been sold guys. I didn't sell any buy-ins. It's true that one of the members made an amazing tutorial though.

I will PM a staff member to close this.

I didn't sell the group as the group wasn't owned by me. I didn't make any profit, Cameron did.
