Sent him \$93 for his \$89 ETH but he never sent anything. He also has another.

He replied sent, but after asking for a confirmation link he never replied afterwards.

I checked his rep, but forgot to check the dates and I already knew I was fucked right after.

I was about to deal with him lmao

Romeos - December 18, 2017, 8:58 pm

Really sucks, I hope you're able to dispute it if you paid with paypal.

Rotely - December 19, 2017, 1:44 am

Also no idea why did you trust him and you are much better , sorry for your loss bro .
