I sent \$60 worth of bitcoin to this online Casino - and after about 2 hours I've turned it into \$12,000.

Damnnnn withdrawal all that and don't look back lmao

grady - December 19, 2017, 11:03 am

uh

holy fuck that's some luck

OneHalf - December 19, 2017, 11:04 am

I can only do \$2,500 at a time - so I currently have on withdrawal for \$2,500 BTC and one for \$2,500 direct deposit - then I'll do it again.

Wow crazy luck man ! I play on Sultan Casino but always end up loosing my money in like ten minutes. I'd win 30 bucks and loose it all on roulette...

Obfuscate - December 19, 2017, 11:10 am

Looks fake to me tbh bro..

Dang man I wish you better luck. I switch up between black jack - hold 'em - and slots. My last win I went \$2,000 on a hand of poker someone called me - and I had three of a kind aces to hit pair of kings - which is where I'm stopping. I'm not THAT greedy. \$12K is enough for me to be happy :)

I think you're sad that you're eating knock off brand cheerios with goat milk.

Pull it out and just invest that money! Congrats btw. im jelly. I get greedy with gambling but u give me motivation to try again with this site lol D:

SlyTaco - December 20, 2017, 12:14 am

Damn bro, that's freaking insane. If there's such thing as a talented gambler you are definitely it.

I suggest you hold onto most of that btc, now is not the greatest time to sell anyways it's dipped like 2k in 24 hrs. Check out the crypto section here and start diversifying into some altcoins, there is some serious money to be made these coming weeks. You'll be a heavy hitter in no time my dude

First you hide what site is this in the picture and then you reveal it on public just like that. Seems fake and you might be one the owners of the site who want us to join and loose our money in it. I really hate these scamming casino sites.

Tech?NO - December 20, 2017, 12:41 am

I am curious what strategy did you use?

any ways, congrats on the huge profit!

Yes - I am the owner of clubplayercasino - one of the few child sites of kingjackgames - with over 22 casino sites - and I'm spending my time on HF - making up a fake profit of \$12,000. It's benefiting me in many ways.

Jnelson - December 20, 2017, 4:42 pm

Damn dude nice one. you should invest it in other coins like BCH

do?pey - December 20, 2017, 10:11 pm
