Thread: [Doing photoshop requests.](#)

Fortunate - December 20, 2017, 12:05 pm

I'm bored right now and thought that some of you could give me some photoshop ideas.

I'm not the best at it but suggest me something and I'll do it. Anything expect animations/logos, just looking for something that can be done quick and nicely.

I'll be going to sleep soon but I'll continue requests tomorrow if needed.

Some requests so far [\(Click to View\)](#)

I forgot add, I'd rather not design any logos or tattoos ideas. Just some silly things that take max 15 minutes to do. I'd never manage to do a tattoo idea in under an hour.

You could make me a cool logo xD

Edit: A cool avatar.

You could design a wallpaper for your phone or computer, give it your own personalized touch and stuff like that.
