Thread: [How to join ISIS](#)

Forthedevil - December 21, 2017, 6:25 am

Hello brothers

I was thinking about blowing myself away with few packets of dynamite ?

Well no, Im just kidding, but does anyone know how can you join isis suicide bomber team?

You got any friends hanging around there on isis?

I actually had dynamite, but police took them from me back in 2015, but it would be stupid trying blow yourself with them, C4 could work.

Do you like explosivises?

I think that this is probably the best way to get your house raided. I mean, if you would just be slightly hinting it'd be a raid done due to probable cause but this is more of a confession than anything.

You won't get much help here.. If you really want to join Isis contact a isis member on social media(facebook,twitter,instagram,etc) they should be able to help you.

How can a truth be offensive? If you've accepted the fact then there is nothing wrong with what he said!
