Thread: [I MADE 1 MILLION \\$\\$\\$ \[OBVIOUS CLICKBAIT! \] = = = > UPDATED JANURY 7th 2018](#)

sonex - December 21, 2017, 4:10 pm

Edit on January 7th '18 - It hit 1 million, forgot to update :)

All jokes aside, my referrals made nearly 1 million dollars on AdWork Media, and I have exactly 1887 referrals.

How I got them? I know at least 1.5k are customers of various products I sold, the rest is also from HF but I'm unsure where from since I have never posted any affiliate link in public. Still, I consider this fucking great, if I use my math skills, everyone who signed up on AWM using my link, made 523.72\$. Obviously some made more, some made less, and some made none.

For the non-believers ; Total Referral Earnings is what I earned, it's 3% of what they actually made which as of right now is 988,263.33\$

I'll update the thread when it hits 1 million, for real.

UPDATE ON DECEMBER 24TH ; They need to earn around 5k-6k more to hit 1 million, go go!

UPDATE ON JANUARY 7th 2018 - I've made it, it's over a million now!

That's a way to think about it as well, they make me solid 1k a month, but then again I personally spent hefty amount of time replying to A LOT of people on HF throughout the years. Truth be told, I honestly dont even know who they are, I do know a few but I dont know if they are following on my advices anymore, as far as I know, they might be doing something entirely different. It's a great achievement regardless.

Thanks everyone for your kind words, I'd like to know who my top 5 earners are but I can only see their First Name and I assume they wouldnt want it published anywhere so I guess there's no way in tracking them down unfortunately :/

LuvXo72 - December 21, 2017, 4:23 pm

Looking back at this thread 2 years later and I almost doubled my referrals and have 60% more monthly income than in late 2017. Whoah!

Artisan - July 5, 2020, 11:25 am

That is some nice moolah indeed. Keep on grinding mate, or in this case, just relax and let your referrals grind ?

sonex - July 26, 2020, 1:24 am

Haha exactly but those refs need to know what to do as well:P

solv3nt - August 3, 2020, 8:51 am

Finally one of those who makes money with affiliate marketing I have recently founded my own company for affiliate and officially start this month and then I will see what I can achieve. It seems to work well for you.
